With a lot of nature, domestic products, quality and skill, but above all, lovingly prepared and served.

**Take your time**

Celebrate your menu in our Mediterranean Garden. The sun of Baden invites one to spend hours on our garden terrace under the stars.

With a cool drink and light food you will experience the unique atmosphere of the 'Markgräflerland' in southern Germany.

Let yourself be tempted.

**Dear guests,**

the family-run hotel, now run by the 7th generation of our family, is a hotel of tradition with a cozy atmosphere and casual friendliness. The history of the Lion Inn began in 1606, when the inn was burned down during the Thirty Year War. It was finally completely rebuilt in 1657.

Over generations the Lion Inn turned into place visited by people from far and wide.

The town of 'Heitersheim' is located in the beautiful 'Markgräflerland', at the foot of the Black Forest, close to France and Switzerland. An ideal starting point for exploring the beautiful landscape of the region.

The traditional family love for clocks and hunting does not only decorate the premises, but creates a lively and pleasant atmosphere.

We do everything to make our guests feel comfortable and relaxed, simply 'badisch'.

Welcome

Your family Meyer
